TERRITORY WINS IN SCOTT CASE

School Teacher Fails to Recover the Year's Pay She Claims Was Due Her.

Mrs. Nettie L. Scott has lost her suit against the Territory which she instituted to recover the \$1500 she claimed was due her for the year's work as principal of the Hualala School which she has never done, having been transferred by the board of public instruction. The opinion of the supreme court that decided the matter was by Chief Justice Hartwell.

In rendering the judgment, the court says, "Under the rules and regulations of the department, 'a teacher may be transferred from one school to another when it shall seem that the efficiency of the department will be promoted thereby.' The court has no power to review the action of the department in transferring teachers unless perhaps to inquire whether the action was taken arbitrarily, or, as it appears from the evidence to be the case, in good faith."

The reasons for the transfer to which Mrs. Scott so objected are given in the notification she received from Superintendent Babbitt after refusing to accept another principalship. The letter is as follows:

"Dear Madame:—This is to formally notify you that after the hearings regarding Hualala School, given yourself and Mrs. Maydwell and numerous friends of both, the decision of the department of public instruction was, as you were orally notified on September 7, that the best interests of the department demand that you be transferred to some other school."

"The department's action was based upon your own statements concerning the school and your work there as principal. For five years there was in your school an assistant teacher considered by you deficient although capable of better work. For this teacher you had a lack of friendly feeling and as little social intercourse in school matters as possible. In 1907 you considered this teacher to have committed an act of insubordination. This fact you, as principal, failed to call to the attention of the department and in this did not carry out the responsibilities of the principalship."
